

J.E.I. contributes to foundations that champion the cause

Kathi Constanzo, Director, Finance Committee, Palmyra Foundation receives a cheque for \$249,000 from National Commercial Bank's Group Managing Director, Patrick Hylton on behalf of the N.C.B. Foundation. The donation will help to realize the Palmyra Foundation's mission of facilitating the education of the children of St. James by providing them with school books free of cost. This initiative provided the N.C.B. Foundation with a great opportunity to support another foundation who shares a similar vision of uplifting Jamaica's youth through education.
